

Project Status: Under Construction

Project Description:

Design, Build, Finance & Provision of FM Services.

Carillion are carrying out construction works on 10 nursery, primary and secondary schools for Renfrewshire Council as part of a joint venture with Amey UK plc and HBoS to provide state of the art facilities for over 6,000 children located in Paisley, Linwood and Johnstone

This integrated approach to the provision of education facilities to meet a wide variety of needs is designed to provide optimum flexibility for the constantly evolving world of education.

The provision of new facilities across nine sites on this public-private partnership creates first class accommodation for combining full-time educational needs with community learning.

The 10 schools have been released on a phased programme and as at January 2007, 4 of the schools have been handed over and become operational. The final handovers are due by December 2007.
