area & schools

The Runners up

### Year 11 Business Studies Presentations

As part of Carillion's ongoing collaboration with local schools, Tizzy Bowman attended the Green School for Girls to judge the Year 11 Business Studies Presentations

In Teams of five students, three ten minute presentations were given on the students proposals for modernising Longleat which they all considered to be extremely boring for people of their age. They had a choice between Longleat & Syon park & all chose Longleat.

The presentations were judged on PowerPoint skills, team working, whether the presentation was persuasive enough, professional delivery, confidence & whether the students were audible.

Year 9 students were the audience & unfortunately some of them talked all the way through the presentations leading the deputy head to punish them by setting them the task of presenting to the Year 10 & 11 assembly in a week's time!

The team that won the competition proposed a new building with a bowling alley, skating rink, disco & jungle play area for younger children which they envisaged would cost a total of £500,000!

The winners received Top Shop vouchers to the value of £10-00.
